Airport Passes Certification Inspection

MORGANTOWN - This morning, Morgantown Municipal Airport (MGW) completed its annual Federal Aviation Administration (FAA) certification inspection.

Airport staff's safety and operational readiness was described as "excellent." They were praised for their attitude and for maintaining a safe and professional Airport.

"We were very happy to host our Certification Inspector and to receive his approval of our operations and safety." stated Michael Clow, Airport Director. "We are very proud of our facilities and staff. They continue to do an outstanding job keeping the Airport safe and customer freindly."

The FAA certifies Commercial Service Airports, inspecting them annually for compliance with Federal Regulations. Training, maintenance of airfield facilities, and emergency preparedness are all inspected.

If you would like to schedule an interview, contact Morgantown Municipal Airport Director Michael Clow at 304-291-7461.
